

COCOON™

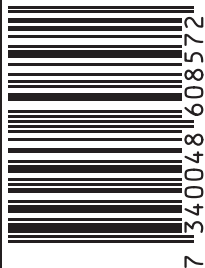

ZINFANDEL

2020

CALIFORNIA

WINE OF THE UNITED STATES OF AMERICA

Cocoon is a red wine made from Zinfandel grapes. The region is Lodi in California, which is known to produce spicy and rich red wines with concentrated fruit. In Cocoon you will find distinct flavours of blackberry, ripe plums and fresh red raspberries. The subtle use of oak maturation has evened out the tannic structure and creates a gentle finish. Best served at 16-18°C with red meat, lamb, pasta dishes and tapas.
